STITCHIN' TIMES

Volume 3, Issue 8

Help is needed...

The hurricane that struck the Galveston and Houston area has touched everyone. We have several people in this area with loved ones who lost everything that they had. With that in mind, we are taking donations for those who were affected.

During the month of October, if you bring in a new household item or an article of clothing to be donated to the hurricane victims, the shop will give you a **10% off total purchase.**

There were so many affected by this disaster it is the least we can do to help. Please show them we care and are thinking of them all.

Block of the Month

Starting November 1st we will be doing a Block of the Month project entitled Selvages by MODA. The fabric used for this project is Portabella Market by MODA. The first month, you will need to purchase borders, setting and corner triangle fabrics. Then in December, the blocks themselves will begin to form. A sample of the quilt will be on display on/or before October 20th. Sign up ASAP!

Closed for Market

We are headed to our first quilt market to see all the new items, fabric, and ideas. Therefore, the shop will be closed from **Thursday, October 23rd – Tuesday, October 28th**. The shop will reopen on **Wednesday, October 29th** at 10:00 am. We hope to have a lot of wonderful and exciting new ideas and projects to show everyone when we return

"You threatened to quit if I didn't give you a raise, not quilt."

Sat. Oct. 11th – English Paper Piecing Demo – Free

11:00 am and 2:00pm

English Paper piecing is a time-honored technique dating back to at least 1813. It's a wonderfully simple method of constructing intricate quilts with lots of perfectly matched points. Usually a one-patch, most commonly hexagons, it might also be done using triangles, diamonds, squares or a combination. It's completely done by hand and can be assembled in modular units so you can take it with you wherever you go, and make use of those idle moments.

Sat. Oct. 18th: Cards Galore – FREE Demo Class

1:30pm to 3:30pm – Doreen Patrick-Instructor

Do you ever need a card for some occasion, but never seem to have the right one? If you have an embroidery machine, then any card is just a click away. Come to the fun-filled demonstration of how to make beautiful cards using your embroidery machine. Doreen has some great ideas to share. The holidays are just around the corner and you can make some very special Christmas cards to send.

Million Dollar Pound Cake by qwltmom

3/4 cup milk
1 tsp almond extract
1 tsp vanilla extract
4 cups unsifted
 all-purpose flour
1 lb butter softened
3 cups sugar
6 large eggs, room

1. Preheat oven to 300 degrees. Grease and flour 10" tube pan (I use a large Bundt pan); set aside. In small glass measure combine milk with almond extract and vanilla; set aside.

2. In large bowl, cream butter with sugar until light and fluffy. Add eggs, one at a time, beating well after each addition. Alternately add one fourth flour with one third milk mixture; place in prepared pan.

3. Bake 1 hour and 40 minutes, or until cake tester inserted in center comes out clean. Cool cake in pan on wire rack 15 minutes; remove from pan. Cool on wire rack. Serve plain or sprinkled with powdered sugar.

(I have always wondered about why the name of this cake is "Million Dollar" and at first I thought because it was an expensive cake to make. One pound of butter AND a half dozen eggs?! But actually after making and eating as many of these cakes as I have, I think the title must refer to the fact that you will require a million dollars of plastic surgery/lipo-suction to counteract the effects of this delicious cake! ggg)
